DASS PROJECT MEET WITH CLIENT -12

Location: online
Date: 14-4-24
Time: 5pm
Attendees: Ketaki,Maitreya,Nitin

Agenda:

●Discussion on temperature sensor functionalities
1. UI of temperature sensor and original device should be compatible and same
2. Screenshots for graph to be shared
3. Record temperature- on and off
4. Min/Max temperature to be recorded with time
5. Record after a fixed time interval
6. In graph, Y axis is the temperature and X axis is the time and date.
●Demo of all this to be shared

Next steps:
• Modular code
• Integration of temperature sensor
• Beautifying the UI
• Less coupling
